

### It's New Era

This is Patsy Adkins your New  
State Registrar for the next three years

Here are a few things that I can help with for your  
Chapter to grow with new members.

- I can help with any concerns or general questions you may have. So please ask me before you ask on Facebook or send email to National.
- I want to see you take the Registrar Course offered by National. It's free and you get credit so does your chapter.
- I can do virtual workshops or in person to help your chapter grow and help with ideas to keep them active. Have your members take the free classes that talk about the DAR in General and different offices you can hold.
